S. Comments:Rounding the turn near the 950m when the pace slowed had to be checked and lost ground. When questioned regarding the disappointing performance of the gelding Apprentice said that his mount was standing awkwardly in the barriers and after beginning only fairly he had to ride the gelding along to take up a forward position to comply with his instructions. However, he added that he was hampered near the 950 metres and placed his mount under pressure from the 600 metres, where it failed to respond and was disappointing.

S. Comments: Rider was questioned regarding his tactics adopted upon the horse and in particular, his reasons for restraining through the early stages after beginning well. Rider stated he was instructed to give his mount a squeeze from the start and settle in a one off position. After beginning well his mount did not possess sufficient speed to cross runners to his inside, and rather be caught three wide he elected to restrain to a one off position. Rider added the gelding only finished moderately in the straight. A post race veterinary examination revealed no obvious abnormalities.

S. Comments: Commenced to buck approximately 50 metres after the start. Upon returning to scale Jockey reported that his saddle slipped shortly after jumping. Notwithstanding this advice Trainer was advised that the mare would have to successfully complete one barrier trial prior to being permitted to race again. Trainer also advised that, at future starts, it is his intention to employ the services of a lightweight jockey on the mare as he believes that smaller saddles such as the one used in today's event may be contributing to the mare's poor racing manners.
