S. Comments: Inquiry re poor performance. Rider said after beginning well he rode his mount along in an endeavour to obtain its customary leading position, but when runners drawn to his outside showed superior pace, he had to take a trailing position near the 1000m. He added that shortly after obtaining this position, the mare failed to travel strongly on the bit and was under pressure, proving disappointing. He added that, in his opinion, given its established racing pattern, it was not suited when unable to lead tonight.

S. Comments: Raced wide in the early stages until the 1000m where it was permitted to stride forward to the lead. Inquiry into improved performance. Trainer G. Blades indicated at the horse's most recent start the race was run at a very slow pace and developed into a sprint home which he believed did not suit the horse. He felt the mare benefited from the step up in distance of today's event and was more suited to being permitted to stride forward in the middle stages. The explanation was noted.

Ms Lawlor added that the geldings form indicates that it does not appreciate soft track conditions and performs better on larger circuits than that day. A post race veterinary examination of the gelding did not reveal any abnormality.

S. Comments: Slow to begin. Rider questioned re: riding over final 400m - stated that was content to stay on the back of Lucky Lago rounding the home turn hoping it would take him into the race. Was reluctant to shift to the inside at that point as the going was inferior. When Lucky Lago failed to take him into the race as expected he was able to shift to the outside to improve. However, over final 200m had difficulty obtaining clear running and as a result was unable to fully test gelding over concluding stages.
