Added that when asked for an effort from the 500m Pop A Bottle was unable to quicken and was disappointing. A post race veterinary examination did not reveal any abnormalities.

He indicated he had attempted to do so however the opportunity was open to him only for a short period and when he attempted to improve shortly after, BECKHAM shifted to a position 4 wide, and he therefore elected to steady and shift back to the inside in an attempt to improve into the race. After viewing the patrol footage, stewards accepted the explanation tendered.

He would experiment with addition of blinkers again. Vet exam - no apparent abnormalities.

S. Comments: Began awkwardly. When questioned regarding the tactics adopted, in particular setting a quick tempo in the early and middle stages, trainer stated that the filly's best runs have been when it has been allowed to roll along in front and attempt to run the field off its feet. Mr Hansen added that the filly does not appreciate being overly restrained or racing around other horses and is much better suited by the tactics adopted today. Mr Hansen added the filly has never raced on a surface worse than good before and he is not convinced it appreciated the soft track conditions today.

Trainer reported gelding pulled up well following the race and was at a loss to explain performance, except to say it may have failed to handle the wet conditions and as such would continue with current preparation.
