When quest re riding in h/straight, particularly whether there was an opportunity to improve to inside near 300m, Rdr said had looked to improve into this run, however; filly was laying out, as it had done from 800m & when another runner shifted out, this run closed & then allowed horse to continue to shift out looking for clear run. It was accepted filly was hanging, however, Rdr advised could have ridden with more vigor at that point in order to secure position. Disappointed for run near 200m & steadied.

Rdr explained intention to allow expected leader, to cross to rail approaching 1400m & then sit outside that mare early, however; when that runner crossed, the rider of that horse then steadied and remained off the rail, directly in front-said was then obliged to take hold of mount & at the same time another runner shifted from a wider position to take up the one out, one back position intended-added was then obliged to race wide without cover before allowing mare to stride & join lead near 900m.
