S. Comments:When questioned as to the seemingly improved performance stable representative S. Andrew noted that hoof pads had been added to the gelding's gear today. Mr Andrew also noted that the gelding had previously performed well on rain affected conditions and in his opinion the step up in distance today together with the addition of hoof pads had contributed to the improved performance.

S. Comments:When questioned regarding the horse's performance, apprentice B. Derbyshire stated that as she was going to be trapped three wide shortly after the start and unable to clear runners to her inside, she elected to ease and race behind those horses, however after shifting wider in the straight and asking the gelding to improve, the horse failed to let down as expected and in her opinion was disappointing. Trainer B. Andrew stated that he felt the gap between runs and today's heavy track may have had a bearing on the horse's overall performance. Stewards noted the explanations.

He stated that the gelding was not suited by the slow tempo and had made the home turn awkwardly. He added that given that it was the horse's first up run from a spell, he was not overly disappointed with the performance and in his opinion the gelding would be better suited racing over further distances than that of today's event.

S. Comments: Raced wide throughout. When questioned as to the horse's seemingly improved performance, trainer G. Heinrich noted that from a wide barrier at its last start it raced further back in the field than expected and then peaked on its run over the final 200m. Ms Heinrich noted that on that occasion the horse was first up from a spell and she was of the view that it would derive some fitness benefit from that run. The explanation was noted.

S. Comments:Rider advised that after being caught wide in the early stages, he was forced to pressure his mount more than he wanted to obtain its customary forward position. He added that the mare travelled comfortably in the middle stages, however when placed under pressure proved disappointing. Trainer expressed some disappointment in the performance, but did advise that given the work the horse was forced to do in the early stages and that it was 5 weeks between runs, it would derive a fitness advantage from today's run and he will continue with its preparation. Vetted post-race, no abnormalities.

Rider indicted the horse travelled well until the 600m but was then under pressure, weakening badly over the final 400m. Trainer indicated that the disappointing performance may have been as a result of the horse having its first start over 1600m on a soft racing surface, but was unable to loss to explain the performance. He indicated he would contact stewards in the coming days should anything come to light.

S. Comments:Stewards questioned J. Byrne in relation to the horse's disappointing performance. He said that the horse travelled well throughout the race, however on a number of occasions during the event wanted to change legs. He could offer no explanation for the performance. A post-race veterinary examination revealed no significant findings. Trainer R. Heathcote was at a loss to explain the poor performance and advised stewards that he would consult with his stable veterinarian and notify stewards should anything come to light that may have had an effect on the performance.
