Apprentice Tarrant indicated that it had not been his pre-race intentions, however after settling, his mount commenced to overrace when the pace slackened at that point and after shifting wider to avoid heels, he was of the view that it would be in his best interests to position the horse closer to the lead.

S. Comments:Stewards questioned trainer in relation to the horse's improved performance. He advised that first up from a spell on 18 September the gelding raced on a heavy track, which was to its detriment on that occasion and explained the poor performance. He added that the horse jumped out well subsequent to its first-up run and he expected a forward showing today based on that jump out and the fitness benefit the horse would have derived from its first-up start.

Jockey Bogenhuber stated that after travelling wide in the early stages, she allowed her mount to stride forward to a leading position, which is the gelding's usual racing pattern, however from a point leaving the 500m was under pressure and proved disappointing in its finishing effort, and in her opinion the gelding may have come to the end of its preparation.

Payne reported that his mount raced very greenly throughout and raced keenly in the early stages and he was of the view that the horse would take benefit with the removal of the blinkers in an attempt to have the horse settle in its race. A post-race veterinary examination revealed no significant findings.

S. Comments:Inquiry re tactics adopted. Jockey T. Bell stated the colt had been slow to begin at its previous start, which resulted in him racing at the tail of the field. He added that his intention was to obtain a position with cover today, however after beginning well from a wide barrier he allowed his mount to stride forward and obtain a position closer to the fence, which resulted in him leading today.

S. Comments:Hung out rounding the first turn. Hung out between the entrance to the straight and 150m and was unable to be tested by its rider. Trainer Mr R. Drysdale was advised that the gelding is required to barrier trial to the satisfaction of stewards prior to its next race start. Shifted in abruptly near the 150m. Near the 50m was checked to avoid the heels of a riderless horse. A post race veterinary examination of the gelding revealed it to have mild heat stress and to be mildly lame in the off hind leg.
