S. Comments:Bumped by another runner near the 900m. Stewards questioned rider and trainer regarding horse's seemingly disappointing performance. Rider could offer no explanation, however advised that at no stage did it travel strongly throughout the event. Trainer expressed disappointment with the performance, however advised that on returning to scale the horse appeared to have its tongue back, which may have contributed to the poor performance. He further advised that based on that he would add a tongue tie to the horse's gear for its next start. Vetted, no abnormalities.

The racing manners of the gelding were brought to the attention of the stable representative. A post-race veterinary examination revealed that the gelding had aggravated an old wound to its mouth.
