He added that the mare travelled comfortably in the middle stages, however when placed under pressure proved disappointing. Trainer expressed some disappointment in the performance, but did advise that given the work the horse was forced to do in the early stages and that it was 5 weeks between runs, it would derive a fitness advantage from today's run and he will continue with its preparation.  S. Comments: B Stewart reported, in his opinion, the horse was not entirely comfortable in the soft track conditions and he felt that as this was the horse's first start from a spell it would take benefit from the run. Trainer D. Meagher reported that in hindsight he may have erred in removing the blinkers from the horse's gear. He felt that the horse would be more suited to being stepped up over longer distances where the horse would be able to secure a position closer to the lead, and agreed with jockey Stewart's comments that the gelding was not entirely comfortable in today's soft track conditions.

Questioned re performance - rider stated intention to obtain handy position with cover. From wide barrier obliged to race wide so elected to press forward to the lead. Once in lead filly refused to settle due to horse outside of it racing fiercely. Felt these factors contributed to filly failing to finish off race as expected. Noted filly would derive a fitness benefit from today's run.

He indicated that due to the horse having poor pre-race manners he had started it at its first start from a spell wearing earmuffs and with hindsight was of the opinion that the earmuffs caused the gelding to switch off as it was unable to muster early speed and was disappointing. He indicated that on the horse's previous trial form and work leading into today's race he expected improvement.

S. Comments:Slow to begin. Stewards asked apprentice L. Tarrant to explain the tactics adopted as after passing the 900m he shifted wider on the track and from the tail of the field improved quickly when positioned three wide to take up the lead passing the 600m. Apprentice Tarrant indicated that it had not been his pre-race intentions, however after settling, his mount commenced to overtake when the pace slackened at that point and after shifting wider to avoid heels, he was of the view that it would be in his best interests to position the horse closer to the lead.

Rider said that at its most recent start the gelding had shown a tendency to overrace, however in today's event he was obliged to pressure the horse to hold its position. He added that rounding the turn the horse laid in and continued to do so until approaching the 300m.

He indicated that he was disappointed with the performance and recommended to connections to experiment with blinkers on the gelding and also consider dropping the horse back in distance for its next start.
