When questioned regarding racing at the rear of the field, Jockey said that he was instructed to obtain cover as the gelding has a tendency to over-race. He stated that from his wide barrier draw he elected to take hold of his mount in an attempt to comply with those instructions, however when racing in a rearward position the gelding was still inclined to over-race in the early stages.

S. Comments: When questioned, Jockey stated he had been instructed to ride his mount forward from its favourable draw, and after beginning well was able to obtain a position behind the leaders, and travel comfortably, however approaching the 900 metres he was tightened for room and lost ground, and from that point was continually under pressure when racing in restricted room to the inside of another runner and when able to obtain clear running ran on only fairly. A post-race veterinary examination of the gelding did not reveal any abnormalities. Trainer confirmed the instructions issued to Jockey.
