Comments:Rider advised that after being caught wide in the early stages, he was forced to pressure his mount more than he wanted to obtain its customary forward position. He added that the mare travelled comfortably in the middle stages, however when placed under pressure proved disappointing. Trainer expressed some disappointment in the performance, but did advise that given the work the horse was forced to do in the early stages and that it was 5 weeks between runs, it would derive a fitness advantage from today's run and he will continue with its preparation. | S. Comments:Rider reported at scale that he lost the use of his iron coming out of the gates, which placed him at a disadvantage for a short distance after the start. When questioned regarding the improved performance, trainer reported that he was expecting a forward showing at the mare's previous start at Kilcoy, however she bucked and took no competitive part in the event. He also noted that she has good wet track form. |                       |                     |                             |

| S. Comments:Hung out from the 800m until straightening. When questioned in re the improved performance, trainer P. Webster noted that it was the horse's first start for his stable and was racing in blinkers for the first time. He added that the gelding had been working well in the lead up to the event and he was confident in a competitive showing however was surprised the horse won by such a margin in today's event. |                   |                  |                                        |
