S. Comments: When questioned as to whether there was an opportunity to maintain a trailing position behind the leader during the middle stages of the event rather than surrendering this position to another runner, jockey advised that due to the strong early tempo set, he was of the view to restrain his mount during the middle stages to allow the horse to travel more comfortably which in his opinion would have enabled the mare to finish the race off to its full potential, bearing in mind the steep weight rise tonight from its most recent win.

S. Comments:Shifted in and away from another runner near the 1000m despite the efforts of its rider, bumped the hind quarters of another runner, then

continued to lay in. When questioned regarding the horse's performance, rider K. Yoshida stated that this was the first occasion that the horse had worn

blinkers and as a result it tended to overrace in the early and middle stages, which was a telling factor on the horse's finishing performance. A post-race

veterinary examination revealed no abnormalities.

He added that his mount failed to sprint in the straight and in his opinion raced like a tired horse. When questioned, trainer stated that on return to scale the mare had its tongue over the bit. S. Comments:Thr. questioned re performance and tactics. He said he told rider the gelding does not possess a sprint and told him to improve into the race early if the pace was only steady. Rider said he was mindful of instructions and in the early stages when it appeared that the race was panning out in that fashion, he thought that it in the best interests to improve three wide and position outside the lead passing the 1000m. He said when asked for an effort in the straight, the horse only finished off fairly and he had recommended to consider giving the horse a brief break from racing to freshen it up.
