From that point he was unable to restrain the gelding which resulted in it leading by a considerable distance, despite his continued efforts to restrain it. S. Comments:Bounded in the air as the start was effected. C. Schmidt was asked to comment on the performance. She indicated that after beginning awkwardly and taking up a position in the second half of the field, she was forced to niggle the horse throughout the early stages in order to hold its position and when asked for an effort in the home straight the gelding, in her opinion, only finished the race off fairly. She indicated that she recommended to connections to step the horse up over 1600m and experiment with the addition of blinkers to the horse's gear.

S. Comments: Trainer T. Edmonds was questioned regarding the improved performance. He stated, in his opinion, the mare did not handle the patchy track at Ipswich at its previous start, and also that he believed the step up in distance from 1200m to 1350m may have benefitted the mare. A post race veterinary examination revealed the mare to have bled from its off-side nostril.
