S. Comments:When questioned re seemingly improved performance trainer's representative stated at mares previous start raced in a rearward position and had to make a long sustained run however, was obliged to race extremely wide from 700m. Added today mare enjoyed nice run with cover and was able to improve saving ground and in her opinion benefits being able to sustain one long run.

S. Comments:When questioned regarding the improved performance of the gelding from its most recent start, Trainer B. Currie advised that the horse was not suited to the firm track conditions at Warwick at its last start. He added that the horse, which is a Class 2 runner, was beaten by an established open class horse, and for that reason he was not entirely disappointed with that performance. Mr Currie also advised that, prior to its most recent start, the gelding's form was sound and he therefore expected a forward showing in tonight's event.
