S. Comments:When questioned by Stewards regarding the filly's improved performance, Trainer Mr. B. Andrew advised that at its most recent start at Gatton the horse was forced to race wide which he felt was to its detriment. He added that as the filly has a history of hitting itself, corrective shoeing was undertaken on the filly by way of the addition of tips, which Mr. Andrew also felt was a contributing factor to the filly's improved performance. Stewards noted the explanation.

Guthmann-Chester stated that he had been instructed to go forward and take up a handy position and if possible get a trail and attempt to find cover. He added, however, that in his opinion TVERSKY still found something in the early stages of the straight but tired over the concluding stages.

S. Comments:When questioned by Stewards regarding the mare's seemingly improved performance, Trainer B. Currie advised that the mare was not suited to the firm racing surfaces at its most recent starts at Dalby and Gatton. He went on to say that two starts ago at Toowoomba he was unable to offer an explanation for the mare's seemingly disappointing performance. He also advised that, in his opinion, today's racing surface, combined with racing at a track where the mare has an exceptional record, were the major contributing factors to the horse's improved performance.
