He said over the final stages it made an abnormal respiratory noise. Stewards felt his actions had no material effect on the placings, however advised him that he would be expected in similar circumstances to ride his mounts out at least in a hands and heels fashion. Trainer indicated the mare was in an agitated state throughout the day, and indicated the horse would now be speld. Vetted with no abnormalities reported.

S. Comments: Slow to begin and despite the efforts of its rider trailed the field for the majority of the race. A post-race veterinary examination failed to reveal any apparent abnormalities at the time of examination. Questioned re: disappointing performance - trainer noted gelding is better suited over further distances but was still disappointed as gelding had pleased him in a trial leading into the race. Reported that gelding pulled up well after the race and blood tests had failed to reveal any abnormalities. Would step gelding up in distance next start. Warning placed on uncompetitive performance.

A post-race veterinary examination revealed a minor laceration to the near foreleg and that the horse had lost its near fore plate.

Lloyd indicated that his intentions had been to be in a forward position however when the horse began awkwardly he was obliged to take up a trailing position behind BUKEAKO. He indicated that he was forced to steady further when inconvenienced when racing to the inside of FORTINI and this caused him to lose further ground. He felt however that the horse improved well into the race rounding the home turn and was doing its best work over the concluding stages.

awkwardly and was positioned at the tail of the field, and whilst he had not been issued instructions, he had anticipated settling more forward. He added that when placed under pressure the horse carried its head very high and raced greenly and shifted both in and out. He added that, in his view, the horse would benefit from the step up in distance and had recommended to connections to experiment with the addition of either blinkers or winkers.

Trainer stated that she has always had an opinion of the gelding however it became evident last preparation that it need time to mature physically and consequently it was sent for a spell. Ms Brosnan stated that the gelding has pleased in its work this preparation and had recently trialled strongly over a 1000m journey. Ms Brosnan added that in her opinion the gelding was aided by being able to settle at the rear of the field behind a strong tempo in the early and middle stages and the heavy track conditions.
