Rdr explained intention to allow expected leader, to cross to rail approaching 1400m & then sit outside that mare early, however; when that runner crossed, the rider of that horse then steadied and remained off the rail, directly in front-said was then obliged to take hold of mount & at the same time another runner shifted from a wider position to take up the one out, one back position intended-added was then obliged to race wide without cover before allowing mare to stride & join lead near 900m.
