| S. Comments:Slow to begin.Stewards asked apprentice L. Tarrant to explain the tactics adopted as after passing the 900m he shifted wider on the track and from the tail of the field improved quickly when positioned three wide to take up the lead passing the 600m. Apprentice Tarrant indicated that it had not been his pre-race intentions, however after settling, his mount commenced to overrace when the pace slackened at that point and after shifting wider to avoid heels, he was of the view that it would be in his best interests to position the horse closer to the lead. |                       |                 |                                         |

| S. Comments:Began awkwardly and lost ground. Forced to shift wider near the 800m and travelled wide from that point onwards. When questioned regarding the horse's disappointing performance, trainer B. Currie could offer no explanation, however undertook to report to stewards if any abnormalities come to light in the days following the event. A post-race veterinary examination revealed no significant abnormalities. |                     |                     |                                                            |  |

When questioned as to the performance, Jockey S Galloway stated that despite travelling well in the early and middle stages, the gelding was under pressure leaving the 600m and finished off the race fairly. S. Comments:Stewards questioned jockey N. Day as to whether when passing the 600m he had opportunity to improve outside the eventual winner BECKHAM in an attempt to hold that horse in a position on the fence. He indicated he had attempted to do so however the opportunity was open to him only for a short period and when he attempted to improve shortly after, BECKHAM shifted to a position 4 wide, and he therefore elected to steady and shift back to the inside in an attempt to improve into the race. After viewing the patrol footage, stewards accepted the explanation tendered.

S. Comments: When questioned regarding the performance of the gelding jockey L. Rolls stated that he expected to settle in a forward position however his mount lacked early speed and settled in a handy mid position. L. Rolls added that his mount travelled only fairly throughout the event and was disappointing in its run to the line. Trainer Mr M. Caltabiano advised he would spell the gelding immediately. A post race veterinary examination of the gelding did not reveal abnormality.

| S. Comments:Inquiry re tactics adopted. Jockey T. Bell stated the colt had been slow to begin at its previous start, which resulted in him racing at the tail of the field. He added that his intention was to obtain a position with cover today, however after beginning well from a wide barrier he allowed his mount to stride forward and obtain a position closer to the fence, which resulted in him leading today. |                     |                |  |                          |  |

| S. Comments:Hung out rounding the first turn. Hung out between the entrance to the straight and 150m and was unable to be tested by its rider. Trainer Mr R. Drysdale was advised that the gelding is required to barrier trial to the satisfaction of stewards prior to its next race start. Shifted in abruptly near the 150m. Near the 50m was checked to avoid the heels of a riderless horse. A post race veterinary examination of the gelding revealed it to have mild heat stress and to be mildly lame in the off hind leg. |                      |               |  |                            |  |

S. Comments:Stewards afforded S. Bogenhuber the opportunity to comment on the horse's performance, which was below market expectation. Jockey Bogenhuber stated that after travelling wide in the early stages, she allowed her mount to stride forward to a leading position, which is the gelding's usual racing pattern, however from a point leaving the 500m was under pressure and proved disappointing in its finishing effort, and in her opinion the gelding may have come to the end of its preparation.

S. Comments:Stewards questioned trainer in relation to the horse's improved performance. He advised that first up from a spell on 18 September the gelding raced on a heavy track, which was to its detriment on that occasion and explained the poor performance. He added that the horse jumped out well subsequent to its first-up run and he expected a forward showing today based on that jump out and the fitness benefit the horse would have derived from its first-up start.
