S. Comments: Appr L Tilley was asked regarding the riding instructions. Appr Tilley said that he was told to work home from the 600m but as he shifted out from a trailing position another runner also raced forward outside the leader placing him in a three wide rider position. He then drifted further out in the home turn as he felt that the going was better in the centre of the track. Explanation noted.

He added that the gelding travelled well throughout the event, however was positioned some distance from the leader and therefore he elected to improve into the race from the 700m, however the gelding, in his opinion, ran on only fairly over the concluding stages and was somewhat disappointing. A post-race veterinary examination revealed no abnormalities.

S. Comments: Shortly after the start was bumped on the hindquarters and was slightly unbalanced. A post race veterinary examination of the gelding which was beaten 19.9L revealed no significant abnormalities, however the gelding coughed on two occasions during the examination. Trainer subsequently reported that the gelding had pulled up well and indicated the possible onset of a viral infection had not become apparent and in his opinion the gelding failed to handle the softer track condition.
