S. Comments:When questioned regarding poor performance of the gelding Jockey could offer no explanation. Jockey explained after being in a favourable position early he placed his mount under pressure from the 600m however it commenced to weaken and failed to respond to his riding thereafter. Upon review of the start it was found the barrier gates sprung back striking the gelding however was not hampered as a consequence. Trainer advised Stewards the gelding had been treated for a cough in the week prior. A postrace veterinary exam revealed no abnormalities and the gelding's respiratory sounds were clear.

S. Comments:Trainer advised Stewards of a change of tactics in that the gelding would be ridden more aggressively in today's event. The gelding was ridden accordingly. Trainer advised Stewards that following the gelding's disappointing finishing effort today it would be immediately spelled. Trainer also advised that in the week preceding the gelding underwent blood tests all of which returned results within normal parameters.
