When questioned re riding in early & middle stages when caught wide, Rdr advised passing the 1400m, believed another runner would proceed forward to lead which would have afforded mount a position one off, outside the lead. However, the rider of that runner then commenced to restrain, so elected to attempt to stride approaching the 1100m but, shortly after this point of the race, the rider of the other runner attempted to ride forward again, which resulted in mount not being able to cross
