S. Comments: When guest re riding in h/straight, in particular, electing to shift wide to obtain clear running, rather than pursue inside run presented near 250m, Rdr explained after racing ungenerously early, which was attributed to Blks off 1st time, mount began to improve in home straight. Initial intentions were to improve into that inside run, but elected to shift wide after runner in front shifted in momentarily & concerned that runner would continue to shift in & would run out of sufficient racing room. After viewing footage Rdr conceded, could have continued attempting to improve into inside run.

S. Comments:Began awkwardly. Trapped wide early & allowed to stride to take up a leading position near the 1000m. Raced wide for majority. When quest re performance, Rdr reported not intention to settle so far forward, but after being trapped wide early, obliged to pressure mount to obtain a leading position rather than being trapped wide & gelding is better suited settling further back. Thr reported gelding was disadvantaged with gelding leading, though doesn't anticipate anything wrong with gelding, will report back on its condition. Post race vet exam revealed no abs.
