S. Comments:When questioned regarding the improved performance of the gelding rider S Bayliss explained that at its first start it began awkwardly and got caught wide back in the field and then resented the kickback. He said today with the addition of pacifiers the gelding began much better in a smaller field and obtained a position outside the leader without being overly pressured. Trainer Mr D Deans explained that the gelding has worked well in pacifiers and was confident of a better showing today. Stewards noted their explanations

S. Comments:Slow to begin. When questioned regarding the horse's performance, S. Bogenhuber advised that despite being slow to begin, her mount travelled well in the early and middle stages, however when placed under pressure from the 600m failed to respond to her riding and proved disappointing. She added that in her opinion the quick back-up and the length of this preparation may have been telling factors in the performance. A post-race veterinary examination revealed no abnormalities.
