S. Comments:Began awkwardly making heavy contact with the barrier partition. J Byrne reported that his mount travelled strongly throughout, despite settling further back in the field than he would have liked, however when asked to improve from the 500m the gelding failed to respond. Post race vet examination found the horse to have a poor post race recovery and was found to be making an abnormal respiratory noise. Trainer T Gollan advised stewards that an endoscopic examination would be performed on the horse and he will report the findings to stewards.

He added he attempted to improve to the inside of MOSSHIKI near the 600 metres, however failed to respond as expected and was forced back into a trailing position. R Maloney further added COASTAL PRINCE travelled fairly approaching the home turn and then became held up for a short distance at the entrance to the home straight and proved disappointing in the home straight. A post-race veterinary examination revealed no abnormalities.
