**In Running: /7/7**

S. Comments: Fractious in the barriers and began awkwardly, losing 2 lengths. Steadied from heels near the 700m. When questioned regarding the horse's performance, Q. Krogh said that after beginning poorly and mustering speed, he elected to come wide leaving the 600m, however he felt that the horse was under pressure from that point and he felt the horse did not appreciate the tight turning track. It was also noted that nearing the home turn it was bumped by another runner. Jockey Krogh felt it was disappointing and he was of the view the horse performs best when able to lead or be in a forward position.

S. Comments:When questioned as to the performance, App. Q Krogh stated that the gelding failed to begin as expected and he was obliged to pressure it in the early stages to obtain its customary forward position. App. Krogh added that the gelding failed to improve when placed under pressure leaving the 600m and in his opinion was disappointing.

S. Comments:Overraced in the early and middle stages. Jockey N. Tomizawa reported that the mare overraced in the early stages and, in his opinion, was not suited by GULLY COMMAND racing to its outside during the middle stages. He added that the mare is better suited when able to lead in its races without being pressured, and he advised that he was disappointed in the mare's performance today. A post-race veterinary examination revealed no apparent abnormalities.

Rider comment re performance - stated after beginning only fairly unable to obtain a forward position as intended and settled further back than anticipated. Added filly shown good early speed in recent trials and as a result was expecting to settle closer to the speed and when unable to do so this may have attributed to its performance. Further stated filly would be better suited once it steps up in distance.Vetted - no abnormalities.

S. Comments: When questioned regarding the horse's performance, J. A post-race veterinary examination revealed no significant findings.

S. Comments: Bumped on the hind quarters shortly after the start. J. Lloyd reported at scale that the horse never travelled well and was under pressure prior to the home turn and as a result he eased it out of the race. A post-race veterinary examination revealed no significant findings. Trainer D. Vandyke was advised that the horse will be required to trial prior to its next start. Mr Vandyke advised that the horse will be sent for a spell and will be gelded before it races again. Swabbed.

S. Comments: difficulty securing clear running rounding home turn. Rider re tactics - stated always intention to obtain a position with cover. Added last start from wide gate and no apparent early speed elected to push forward to obtain a position closer to the fence and led the race. Noted on that occasion gelding overraced when unable to obtain cover. If consideration given to maintaining handy position with cover to inside of THE WARDSMEN he stated he would have had to pressure the gelding in the early stages and given way it overraced previously was reluctant to do so.
