S. Comments:Inquiry re performance. Rider said was instructed to position back back in the field and after beginning well from a wide alley in order to fulfil instructions he took hold to take a trailing position. He said after the crossing when placed behind other runners near the 600m his mount commenced to race greenly and he had to pressure his mount, and the gelding laid in under pressure in the home straight. He felt it would benefit from the addition of blinkers and stepped up over more ground. Trainer agreed with those, adding it may race in a more forward position next start.

She stated that whilst she rides the mare work & is mindful of its racing manners in that when trying to restrain the horse it has a tendency to throw its head in the air and overrace. She further added that approaching the 800m the mare improved onto the heels & instead of fighting against the mare she allowed the mare to improve to its outside which resulted in racing wide for the majority of the race.

S. Comments:Began awkwardly. When questioned regarding the tactics adopted, in particular setting a quick tempo in the early and middle stages, trainer stated that the filly's best runs have been when it has been allowed to roll along in front and attempt to run the field off its feet. Mr Hansen added that the filly does not appreciate being overly restrained or racing around other horses and is much better suited by the tactics adopted today. Mr Hansen added the filly has never raced on a surface worse than good before and he is not convinced it appreciated the soft track conditions today.
