S. Comments: Jumped awkwardly, making heavy contact with the barrier partition, losing ground, causing the horse to be positioned in the second half of the field. Held up rounding the home turn and in the straight until approaching the 200m when tightened for room and restrained. Inquiry re performance.

Apprentice L. Tarrant stated after beginning awkwardly, the gelding overraced and was reluctant to settle at the rear of the field, which was further back than anticipated. He added passing the 600m the gelding was travelling comfortably but after being held up near the 200m, only found the line fairly.

S. Comments:Inquiry re performance. Rider said that at its most recent start the gelding had shown a tendency to overrace, however in today's event he was obliged to pressure the horse to hold its position. He added that rounding the turn the horse laid in and continued to do so until approaching the 300m. He indicated that he was disappointed with the performance and recommended to connections to experiment with blinkers on the gelding and also consider dropping the horse back in distance for its next start.
