S. Comments: Shifted out approaching the 100m and bumped another runner. Rider questioned re tactics. He said he was told to lead if possible and after trying to take a sit when caught wide, he could not obtain a position with cover so he allowed the horse to stride forward. He said being its first run with blinkers back on, it raced a little keenly so he elected not to restrain it but allow it to stride along at a comfortable pace in the lead. He thought being caught wide early and having to do additional work may have had an effect on the gelding's finishing effort. Stewards noted his explanation.

S. Comments: Stewards questioned rider regarding tactics. He indicated he had been given no specific instructions, however rode vigorously out of the barriers in order to cross OUR ROCKY. He then felt that when the favourite improved to the outside he would be better served holding the position to the inside. P Duff confirmed indicated he was disappointed with the horse and would now step the horse up over 1400m where the gelding may be able to obtain a forward position more easily. He added that KING OF THE CASTLE had trialled during the week and, in hindsight, this may have left the horse a little flat.

occasion. On straightening shifted in and brushed the running rail. Rider Michelle Payne reported that the gelding made an unusual respiratory noise and did not feel comfortable in its action throughout the race. A post race veterinary examination revealed the gelding to be lame in the near hind leg. A representative for Trainer Mr Patrick Payne was notified that prior to racing again he must be in receipt of a veterinary certificate of soundness, including the satisfactory results of an endoscopic exam.

He added that he would give consideration to sending the horse for a spell. A post-race veterinary examination revealed no significant findings.
