S. Comments:Performed below market expectations. Jockey T Wolfgram advised that after jumping well and obtaining a favourable position outside the leader the gelding travelled well but when placed under pressure laid out and failed to respond over the concluding stages. A post-race veterinary examination revealed no abnormalities. Trainer L Hatch reported that in his opinion the gelding may not have backed up after a tough run last start. He further advised that the he will get his stable veterinarian to inspect the gelding and report back any findings in the days subsequent.

S. Comments:As a result of beginning well and being caught wide in the early stages rider C Eaton elected to allow the horse to stride forward and race outside the leader from the 1100 metres. When questioned regarding the apparent improved performance trainer M Boland explained THE HAND has a history of being tardy to begin, however after beginning well and racing in a handy position he was not entirely surprised by today's performance. The licence of C Eaton to ride in races was suspended under AR132(5) for a period of 8 days to commence midnight 19th September up to and including midnight 27th September

S. Comments:As a result of beginning well and being caught wide in the early stages rider C Eaton elected to allow the horse to stride forward and race outside the leader from the 1100 metres. When questioned regarding the apparent improved performance trainer M Boland explained THE HAND has a history of being tardy to begin, however after beginning well and racing in a handy position he was not entirely surprised by today's performance. The licence of C Eaton to ride in races was suspended under AR132(5) for a period of 8 days to commence midnight 19th September up to and including midnight 27th September

S. Comments:Performed below market expectations. Jockey T Wolfram advised that after jumping well and obtaining a favourable position outside the leader the gelding travelled well but when placed under pressure laid out and failed to respond over the concluding stages. A post-race veterinary examination revealed no abnormalities. Trainer L Hatch reported that in his opinion the gelding may not have backed up after a tough run last start. He further advised that the he will get his stable veterinarian to inspect the gelding and report back any findings in the days subsequent.

S. Comments:As a result of beginning well and being caught wide in the early stages rider C Eaton elected to allow the horse to stride forward and race outside the leader from the 1100 metres. When questioned regarding the apparent improved performance trainer M Boland explained THE HAND has a history of being tardy to begin, however after beginning well and racing in a handy position he was not entirely surprised by today's performance. The licence of C Eaton to ride in races was suspended under AR132(5) for a period of 8 days to commence midnight 19th September up to and including midnight 27th September
