RACE FIELD SELECTION PROCEDURE

DEFINITIONS

Selection Order of Choice – means the order of choice prescribed by the Governing Body to be applied to the selection of greyhounds for an event.

Series – means a race conducted that consists of Qualifying Trials, Heats, Semi-finals and Final. The nomination of a greyhound for a Series does not include a Consolation.

Event – means races consisting of graded races, maidens and heats and finals.

Feature Event – means an event prescribed by Racing Queensland as a Feature Event.

GENERAL

Maiden winning away from Series / Event

A maiden greyhound competing in a series, which consists of at least heats and a final, during the time of the series being conducted, wins an event other than as part of the series, shall not be eligible to compete further in the series.

Eligibility – Class 1

Maiden greyhounds are eligible to nominate for Class 1 events in the staying distance category provided they have placed (second or third) in a Class 1, Class 2, or Class 3 event in the middle distance category or staying distance category.

Maiden greyhounds are otherwise ineligible for Class 1 meetings unless competing in a Maiden or Maiden Final.

Eligibility – Series / Event

To be eligible to contest a series/event a greyhound must be eligible to race at all of the tracks at which the greyhound may be required to race during the series/event at the time of the Box Draw of the first race of the series/event in which the selection of the greyhound is being considered.

COMPOSITION OF FIELDS

Open / Best 8 - Feature Event

A person intending to nominate a greyhound for an Open/Best 8 Feature Event must specify the name of the event when lodging the nomination.

For example: A trainer wishing to nominate a 5th or 4th Grade greyhound, must nominate for the name of the event.

For an Open/Best 8 Feature Event the Selection Order of Choice will not apply – the greyhounds included for the event shall be at the discretion of the Grader.

Best 8

Where a Best 8 is graded, any greyhound 3rd Grade or higher may, at the discretion of the Grader, be included for the event.

For example: A “no Best 8” specification on a nomination is not acceptable.

Mixed Graded Events

In an event in which two Grades are combined, greyhounds of the higher of the Grade will be included first followed by the lower Grade regardless of form.

In the event of composing a mixed grade event and single grade event on the same program, the greyhounds elevated to a mixed grade event will be at the sole discretion of the grading panel.

For example: a “5th grade only” specification on a nomination is not acceptable unless a single grade event is advertised for a particular race meeting.

Heats and Final Selection Scale

Unless, in special circumstances, approved otherwise by the Governing Body and advertised as a condition of a Series/Event, the following shall apply when establishing which greyhounds from Qualifying Trials- Heats-Semi-finals shall progress further in a Series.

No of QTs- Heats-Semi- finals	Field x 8	Reserves x 2
2	1 – 2 – 3 - 4	fastest 5 - 5
3	1 - 2 - fastest 3 - 3	other 3 – fastest 4
4	1 - 2	fastest 3 - 3
5	1 - fastest 2 – 2 - 2	next fastest 2 – 2
6	1 - fastest 2 - 2	next fastest 2 - 2
7	1 – fastest 2	next fastest 2 – 2
8	1	fastest 2 – 2
9	fastest 1	other 1 – fastest 2
10	fastest 1	other fastest 1 – 1

The principles of the scale shall apply if a greater number of Heats / Semi-finals.

In the case of a Dead-Heat, thereby creating a situation where more than the permitted number of greyhounds is to be considered to progress further in a Series/Event, the greyhound to be selected shall be selected by lot from the greyhounds that comprised the Dead-Heat. The greyhound unsuccessful in the ballot shall be afforded a preference when being further assessed in accordance with the principles of the scale.

For the purpose of this scale, “fastest” shall mean the actual time of a greyhound in the Event. Should it not be possible to establish the time for a greyhound in the Event, the progress of a greyhound in a Series/Event shall be at the discretion of the Grading Panel.

Should a circumstance arise in which the principle of this scale would not be appropriate, the progress of a greyhound in the Series/Event shall be at the discretion of the Grading Panel.

Consolation Events

To be eligible for selection in a Consolation a greyhound must be nominated for the Consolation.

Greyhounds included in a Consolation shall be included in accordance with their placing in the Event that qualifies greyhounds for a final.

Guarding

If on a program there are two or more greyhounds owned and/or trained by the same person, they shall be allotted to as many separate events as possible.

Reserve Rights

Where a greyhound is listed as a reserve and does not gain a start, the greyhound shall be included in the original draw of the next event of the same grade, distance and day as the previous meeting at a particular race club, provided that a fresh nomination is submitted for the event.

If a mixed grade or restricted wins event is advertised, greyhounds with reserve rights will have preference over greyhounds of the same grade **only**.

A greyhound listed as a reserve that does gain, or would have been eligible to gain a start, that is withdrawn from the event for any reason whatsoever, shall forfeit any reserve rights.

Correction of Selection Error

If a greyhound that should not have been included in the Box Draw is so included, it shall be withdrawn by order of the stewards.

If a greyhound that should have been included in the Box Draw is not included and the omission is discovered by not later than 9.00am the next business day, the Grader, Chairman of Stewards or Greyhound Manager may order that the greyhound be included in the field and a drawn greyhound deleted from the field. If so ordered, the original Box Draw shall be cancelled and a new Box Draw conducted.

POWERS OF GRADER

Notwithstanding the provisions of the Selection Order of Choice, the Grader may exercise discretion in any matter relating to the inclusion of a greyhound in an event.

HOW TO NOMINATE

Racing Queensland will accept nominations by the following methods:

1. Telephone – 1800 851 155 – between 8.30am and 9.30am every morning.
2. Online – via Ozchase <https://noms.ozchase.com.au/Login>

GUIDELINES

The following guidelines have been developed to assist trainers when nominating for race meetings in Queensland.

Specifically, the guidelines set out where and when comments will be considered by the graders when selecting fields.

In most instances comments are not essential, however some trainers find them useful to elaborate on the preferences of a nomination.

Trainers are advised to keep the comments simple and to follow the guidelines below. Writing ambiguous comments on a nomination form could result in the grading department misinterpreting the message.

1. No comments allowed

Normal Graded Races

- 1st Grade
- 2nd Grade
- 3rd Grade
- 4th Grade
- 5th Grade
- Maiden

Mixed Grade Races

- Best 8
- 2nd/3rd Grade
- 3rd/4th Grade
- 4th/5th Grade
- Maiden/5th Grade

For normal graded races and mixed grade races, including heats of these races, all comments for specific races eg “5th grade only”, “no Best 8” etc. will be disregarded by the grading department.

2. Comments optional

Non-penalty races/Time Standard races

- Novice
- Masters
- Pathways

Special Condition races

- Restricted wins race
- Restricted conditions races
- Free For All events
- No metro wins races
- Bitches races

Trainers may choose whether or not to nominate for non-penalty races and special condition races. This can be done online by selecting the specific race event, or by leaving a comment in the comments section. Similarly, trainers can make these comments over the phone. Acceptable comments include novice, masters, pathways, restricted wins, not masters, no Free For All, etc. The use of the word 'only' is optional and carries no significance, for example the graders will interpret comments of 'novice' and 'novice only' as the same thing.

Trainers should be aware that leaving a comment will mean that the greyhound won't be considered for any other races if the greyhound doesn't gain entry into the requested race. Therefore, a trainer leaving comments will need to state all preferences in order for the graders to consider the greyhound for more than one race. Eg novice/5th, novice/pathways/masters, restricted wins/novice, bitches/other, etc.

3. Comments essential

- Open grade Feature Events

Open grade Feature Events are the only races which require a specific nomination. This can be done online by selecting the specific race event, or by leaving a comment in the comments section. Similarly trainers can nominate for open class feature races over the phone. Eg Derby heats, Futurity heats, Young Guns heats, group race heats, cup races etc.

4. Blank nomination

If there are no comments on the nomination the grading department will consider the greyhound for all eligible races. In these instances, the graders will consider the greyhound for events in the following order: 1) Non-penalty races, 2) Special condition races, 3) Normal graded races/mixed grade races.

PREFERENCE NOMINATIONS

A greyhound nominated for two or more race meetings will be considered in order of preference for the nomination received (with regard to grading procedures). Once a greyhound has been drawn in an event, all further preferences will be disregarded.

NOMINATION EXTENSION CLAUSE

Unless otherwise prescribed by the governing body, all greyhounds entered for an event prior to a nomination extension will be granted 1st preference when grading fields.
