(HARNESS)   HARNESSWEB APPLICATION

HarnessWeb was first implemented by Harness Racing Victoria to allow users to interact with their controlling body. HarnessWeb provides up to date, accurate information and gives the user access to important harness racing information 24 hours a day, 7 days a week.

Access to HarnessWeb is via the internet, using any standard internet connection. If you do not have your own computer, you can log onto HarnessWeb through a friend's computer, or through internet cafes or libraries.

You can perform the following tasks 24 hours / 7 days a week at a time that suits you:

View horse details	View horse performances	View race fields
View horse foaling details	Lodge stable returns	View races by class
Change gear	Enter nominations	Withdraw horse
Nominate or change drivers		

Please complete the details below and post to Racing Queensland (PO Box 63, Sandgate Qld 4010) or fax to (07) 3269 6715 or email to harnesshandicapping@racingqueensland.com.au
